WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

Location: Approximately 35 nm N of the complex support facility

Type: IIID

Stage of Construction: Early

The launch site, situated in open, cultivated terrain, consists of a silo excavation, a probable control building under construction, and a site support facility containing 5 rectangular buildings and 1 large T-shaped building. A security fence encloses the silo excavation and the probable control building. An access road extends E to an improved road that joins the complex main road to the S.
